

AUTOMATIC CLIP'AIR STERILIZER

Sterilization by
water spray
with water
> 65°C

Optimized water
and energy
consumption

Optimized
interface to
insert CLIP'AIR
800

Automatic start
with inductive
sensor

Main characteristics

Cleaned product	CLIP'AIR 800
Height	1297 mm
Width	326 mm
Depth	503 mm
Watertightness	IP66
Cycle duration	10s to 60s
Raw material	Stainless steel
Additional products	CLIP AIR 800, exists also for CLIP'AIR 700 (6111) and with manual version (ref 711)
TERMET part number	3922
